

ADELAIDE VET FITOUT

Project Scope: Adelaide Vet Fitout

This project involved the commercial fit out and refurbishment from an existing warehouse space with a total floor area of 1,130 square metres in to a state-of-the-art veterinary facility comprising of a training room, veterinary specialist facilities, animal treatment areas, operating theatres, pathology, dispensary, dedicated grieving areas, dog and cat wards, cat boarding, behavioural services and dog training areas with washing facilities. This veterinary practice is one of the largest and most modern in the state and will likely serve as Adelaide Animal Hospital's flagship practice for the foreseeable future.
