

AUSTRALIA POST PORT ADELAIDE

Project Scope: Australia Post Port Adelaide

This project involved the fit out of the retail shop front and existing base build along with the back of hour and PO Box lobby. Mykra were awarded the project and expected to start on site four days after the contract was awarded. Working to a strict programme of six weeks, Mykra worked around the clock to ensure the site could be handed back over to the client prior to the Easter period, ready for trading.
