

### GOODSTART EARLY LEARNING CENTRE YARD UPGRADE

#### **Project Scope: Goodstart Early Learning Centre Yard Upgrade**

This project involved the removal of existing play equipment in stages to specific areas that left enough outdoor play space useable to meet legislative requirements to the centre could remain operational throughout. Mykra were required to reinstate play areas in time to meet strict program timeframes for approved outdoor learning area exemptions. Handing over each stage while working on the next stage and keeping the centre open, safe and defect free on stage completions were required by the client to keep the centre open. Stages included water features, climbing equipment and sandpits.

### ADDITIONAL INFORMATION
