

KFC MURRAY BRIDGE - REFURBISHMENT

Project Scope: KFC Murray Bridge - Refurbishment

The Murray Bridge KFC required refurbishment to meet new marketing standards. Work included new external, front of house and back of house refurbishment. External works consisted of new signage, new cladding on part of the facade and sides of the building, as well as new perforated screen. New signage was added to the drive-thru to meet KFC standards. Internal works consisted of new joinery, lighting, signage and booths, whilst back of house saw minor works to the wash-up station.
