

MCGEES RUNDLE MALL CENTRAL - CANOPY

Project Scope: McGees Rundle Mall Central - Canopy

Mykra were engaged by the client to carry out the refurbishment of the existing Rundle Mall Central Canopy. The project first involved the demolition of the existing arched canopy structure and refurbishment of the tiled portion of the façade below the archway.

A new shop front to Rundle Mall was installed as well as eye catching new signage. Whilst on site Mykra undertook revisions to the canopy signage, under canopy blade signage and remediation of the heritage tiles.
